Education

Jaipur Engineering College

B.Tech in Computer Science Engineering | CGPA: 8.2/10

Jaipur, Rajasthan

Expected: May 2028

Technical Skills

Languages: Java, Python, C++, JavaScript, TypeScript

Frontend: HTML, CSS, React, Tailwind CSS

Backend: Node.js, Express.js, Socket.io

Databases: MongoDB, SQL

Cloud & Media: Imagekit.io Render, Vercel

Tools: Git, GitHub, Postman, Docker, Linux, VS Code

Concepts: DSA, OOP, REST APIs, Low Level Design, System Design Basics, OS, Computer Networks

Projects

Instagram Mini Clone | *React, Node.js, Express.js, MongoDB, Socket.io, ImageKit.io* | [GitHub](#) | [Live](#)

- Built a full-stack social media app with JWT-based authentication, post creation, likes, comments, and real-time chat using Socket.io.
- Integrated imagekit.io for media uploads enabling profile pictures and post images with optimized cloud delivery.
- Designed a RESTful backend with Express.js and MongoDB, implementing follow/unfollow logic, dynamic feed generation, and protected routes.

Productivity Dashboard | *HTML, CSS, JavaScript* | [GitHub](#) | [Live](#)

- Developed a fully client-side productivity dashboard integrating a Pomodoro timer, stopwatch, and day planner in a single interface with no backend required.
- Built a priority-based task manager with persistent state using localStorage — supports categorizing, reordering, and tracking daily tasks.

Image Filter Web App | *HTML, CSS, JavaScript, Canvas API* | [GitHub](#) | [Live](#)

- Built a browser-based image editor using the Canvas API — all processing happens locally with no server uploads.
- Implemented real-time filters (brightness, contrast, grayscale) with instant preview and one-click download.

Open Source & Leadership

Campus Ambassador — *GirlScript Summer of Code (GSSoC)*

2025

- Promoted open source participation on campus and guided fellow students through the contribution process.

Open Source Contributor — *Social Winter of Code (SWOC)*

2024–25

- Fixed broken JavaScript button event handlers and resolved layout overflow issues affecting mobile responsiveness across multiple open-source issues.

Coordinator — *Coder Cafe — College Coding Club*

2024–Present

- Organized coding sessions and workshops, building a collaborative problem-solving environment among peers.

Achievements

- **Amazon Future Engineer (AFE) Scholar** — Foundation for Excellence (merit-based national scholarship, April 2025 – August 2028)
- Solved **350+** problems on LeetCode with a contest rating of **1523**.

Certifications & Programs

- Machine Learning training using AWS SageMaker — Udacity Nanodegree
- Introduction to Generative AI — AWS & Udacity
- AWS Cloud Foundations
